

The IntelSius ToteTherm™ range is for products that need thermal protection but don't need to be shipped across the country or around the world. They are a convenient, cost-effective packaging and transportation solution for pharmaceutical wholesale manufacturers, retailers, central lab sites and clinical trial supplies.

Three versatile sizes protect and accommodate payloads that are going across town or around the block. Each solution is pre-qualified for 24 hours against IntelSius High Performance Summer and Winter Temperature Profiles.

Each reusable system features innovative Neopor® insulation which gives up to 20% better insulating performance than EPS. The design and high performing material allow for multi-use pick and pack applications to optimize both convenience and time. It's a simple transportation solution that any courier can transport regardless of the payload.

Pack-out instructions are supplied to ensure quick and simple assembly.

Components Supplied:

- Pack-out Instruction Sheet
- Insulation box and lid
- 2 x PharmaChill Cool Packs
- 2 x Correx Spacers

PRODUCT	PRODUCT CODE	PAYLOAD SPACE	EXTERNAL DIMENSIONS	VOLUMETRIC WEIGHT
ToteTherm 1.0 2-8° 3.3 S/W	TBD	104 x 145 x 175 mm 4.1 x 5.7 x 6.8 in	301 x 276 x 251 mm 11.9 x 10.9 x 9.9 in	3.5 kgvol ^c / 7.7 lbsvol ^c
ToteTherm 2.0 2-8° 4.9 S/W*	TBD	218 x 170 x 161 mm 8.5 x 6.6 x 6.3 in	251 x 347 x 237 mm 9.9 x 13.7 x 9.4 in	3.5 kgvol ^c / 7.8 lbsvol ^c
